

# Posterity Program

## VISION

To develop our future generations into powerful productive leaders and entrepreneurs.

## MISSION

To provide excellent service, empower, and birth many success stories.

## ABOUT POSTERITY

Posterity is a seasonal program geared towards young people between the ages of 10 to 25 working together with a desire to be successful. Posterity empowers young people to be entrepreneurs and gain the experience of leadership, how to be an effective team member, operate a business, and provide high quality service to the community they live in.

Posterity provides activities for participants that are educational, experimental, and fun-filled which promotes family and community involvement. The program is also designed to help young people identify their talents, gifts, and purpose here on earth.

Posterity Program is aimed to empower Young and college students and birth many success stories while assisting with the development of the community they serve.

The Posterity Program provides activities for the participants that are educational, experimental, and fun-filled which promotes family and community involvement. Participants will engage in activities designed to assist with:
